

WOULDS

J L WILSON

Tucker Frye, pub mistress and transplanted Southerner, finds out the hard way who she can trust when her nephew passes her damning evidence about a local egg production factory, a little bit of hell on earth right in the heart of Iowa.

When he's murdered, she vows to find who did it and to put that cesspit of an operation out of business. And that's when the real trouble starts ... The Fitz Agribusiness group aren't going to let a little thing like a murder stand in the way of their profits.

If Tuck isn't careful, she might end up like one of those trapped animals, fighting for her own life.
